AN OLD SIGN.

The news comes from Waialua that an old native prophesied the heavy rains of last week and that he is confident the storm has not yet ceased. This of itself is not particularly interesting but the cause of the prediction certainly is. It seems that the native observed the appearance in general of the Pride of India trees in the neighborhood. This was a stand-by of the natives in the olden times. If during a dry spell the Pride of India trees showed an abundance of leaves with that very dark appearance, known to the natives as uliali, there was sure to be an abundance of rain and whole families would take to their gardens to plant their potatoes and other vegetables.

Not many people know of this sign among the natives and indeed, but few Hawaiians of the present day are acquainted with it. However, speak on the subject to an old time Hawaiian and he will tell you how the Pride of India forecasts the weather.

The Orpheum.

Work on the Orpheum building is being rapidly pushed ahead. Under the direction of H. L. Kerr & Co. an efficient staff of carpenters have been employed night and day continuously. The new floor has been laid with an extensive slope from the rear forward and the numerous ventilators in the roof and sides placed in position. The new chairs too so long in transit have actually materialized. Everything will be in readiness for the grand opening on Saturday night first when new talent with an entire change of program will be presented.

Friedenthal's Farewell.

The largest audience of the season was present at the Friedenthal recital in the Y. M. C. A. last evening. Herr Friedenthal was accorded an enthusiastic reception. Unfortunately Mrs. Montague Furner was ill and therefore unable to sing. Prof. Berger played on a second piano in the last selection.

For further particulars apply to

J. M. VIVAS,

G Post Office Lane, - Honolulu.

The Bulletin, 75c per month.
